

## ASSISTANT ATTORNEY GENERAL MIDDLEKAUF SCORED BY HARTWELL

Presiding Judge at Herrin Trials Takes Ex-  
ception to the Statement of Prosecution  
Counsel—Says Middlekauff Tries the Case  
Better in Newspapers Than in Court House

(By The Associated Press)  
MARION, Ill., April 7.—Asserting Special Assistant Attorney General Middlekauff of Illinois was attempting to "lay the blame on somebody for his failure to convict" in the Herrin trials, Circuit Judge D. T. Hartwell, who presided at the trials, tonight issued a written statement replying to that given out by Mr. Middlekauff today.

Judge Hartwell declared that no later than yesterday Attorney General Brundage stated "he thought all my rulings had been fair" in touching on Middlekauff's criticism of the judge's rulings, particularly in the examination of veniemen. Mr. Middlekauff issued the statement at Mr. Brundage's request.

Judge Hartwell stated Mr. Middlekauff "without regard for truth" took advantage of the "intense feeling" existing outside of Williamson county, adding "I admit his superiority in being able to make use of the newspapers. He tries his case there better than in the court house."

## SEVEN DRUGGISTS AND CLERKS CAUGHT IN LIQUOR RAIDS

One is Member of  
State Pharmacy Ex-  
amining Board

(By The Associated Press)  
BLOOMINGTON, Ill., April 7.—A combination of liquor raids by federal, city and county officers here all last night and continuing today netted 20 persons, now held under bonds of from \$1,000 to \$3,000. Seven druggists and clerks are among those held, including Dwight D. Moore, a member of state pharmacy examining board, when the entire board was asked to resign by Gov. Small, following charges of bribery. He was granted ten days continuance and released under bonds.

The ages of those taken vary from 17 to 60 years. Special investigators under State's Attorney Lester Martin gathered evidence for several weeks. The evidence is supplemented by federal investigators during the week. Several truck loads of liquor were taken. Federal officers will watch prosecutions by the state and will issue no warrants until they are dissatisfied with results obtained by the state courts, it is claimed.

## FRENCH CONFISCATE 80 BILLION MARKS

(By The Associated Press)  
DUESSELDORF, April 7.—The French have confiscated eighty billion marks in unfinished German paper money which they found yesterday at the printing plant at Muelheim of the General Anzeiger. At the same time Belgian troops seized two billion marks in paper money. Ober-Burgomaster Schaefer of Essen, who appeared from the sentence of two years imprisonment and a five million marks fine for resisting French regulations concerning the requisitioning of automobiles was sent to Saarbrücken today with several other prisoners to serve time. On his appeal Schaefer's sentence was increased to three years imprisonment and a fine of six million marks.

Fritz Druk, president of the league Volkspolizei of Essen was given a five year prison sentence and 5,000,000 francs fine for giving propaganda activities.

## ST. LOUIS DOCTORS TO HOLD FREE CLINIC

(By The Associated Press)  
ST. LOUIS, Mo., April 7.—The St. Louis Medical Society today announced it would offer free medical treatment to crippled children, whose parents are unable to pay, as it did last year. Examinations will be held in St. Louis April 23, 24 and 25, and the children will be given the best specialized service obtainable in St. Louis, it was said. Children requiring hospital care will be sent to hospitals for so long a period as may be necessary. Last year's 473 children reported, 123 being from cities in seven other states.

## PRESIDENT TURNS FACE TOWARD THE NATIONAL CAPITAL

Will Arrive There To-  
day and be at His  
Desk Tomorrow

(By The Associated Press)

AUGUSTA, Ga., April 7.—His vacation ended, President Harding tonight turned his face toward Washington and his mind toward the cares of problems of state. The departure of the presidential party from Augusta tonight brought to a close a vacation of five weeks for the chief executive, four weeks of which were spent in Florida and one week in Augusta.

Perhaps no president in recent years has been able to obtain such complete rest as Mr. Harding has had since March 5 when he left Washington. The benefit to Mr. Harding is evident. Mrs. Harding has regained much of her former strength. This return by Mrs. Harding to health, since her illness of last fall has in the opinion of members of the vacation party, been quite as much of a tonic to the president as the days spent in the sunshine of Florida and Georgia.

The presidential party will arrive in Washington shortly after noon tomorrow and Mr. Harding will return to his desk in the executive offices Monday morning. In the returning to Washington, Mr. Harding, it was said by members of his party, carried with him a strengthened feeling that people of the south, although largely of a different political faith, are united with him as president. It was evidenced and declared at the dinner given last night in his honor by the leading citizens of Augusta and this section of Georgia and indicated by the ovation he and Mrs. Harding received late today during an automobile ride thru the downtown section of Augusta.

The ride downtown was planned as a review of the school children of the city and there they were by the thousands, but for every child there was an elder, all lining the streets and waving and applauding as the president and Mrs. Harding passed by.

## SEARCH FOR LOONEY WILL BE NEXT MOVE

(By The Associated Press)

ROCK ISLAND, Ill., April 7.—Search for John Looney, fugitive publisher of the Rock Island News and said to be the king of the underworld there before the state commenced its vice probe will be the next move in the cleanup of Attorney General Brundage it was said today following the conviction of Mayor Harry Schriver, former Chief of Police Tom Cox and Lawrence Pedigo on charges of conspiracy to defeat the state anti-gambling laws and protect organized vice. The three were sentenced to from one to five years at Joliet.

The state announces that the Bill Gable murder case will be the next tried and in this Looney, now a fugitive from justice is under indictment for first degree murder along with Cox and Pedigo. Joe Richards, alias Joe the Judge, and Walker, a negro, Richards and Walker have also fled.

A total of sixty-eight persons were indicted as a result of the state's vice crusade and several of these are expected to plead guilty and throw themselves on the mercy of the court now that Cox, Schriver and Pedigo, said to be leaders of the vice ring have been convicted.

## HOLD YEOMAN IN RABBI'S DEATH

(By The Associated Press)

SAN FRANCISCO, Cal., April 7.—C. B. Hicks, a yeoman held at Mare Island Navy yard for the San Francisco police in the investigation of the death of Rabbi Alfred G. Lafee, was identified tonight by Miss Louise Hewitt of Los Angeles, as the same man who was registered at a San Francisco hotel the day preceding the assault on the rabbi.

The identification is regarded by police department handwriting experts as significant as they say the signature on the register "H. B. Hicks" was made by the same person who registered as "Hickman" with the rabbi at the Gates hotel where the rabbi was assaulted the following night.

## HIGH WINDS STOP SPEED RECORD TRIAL

Dayton, Ohio, April 7.—High winds which made flying difficult today caused Lieutenant Lester J. Matland, McCook field pilot to abandon his attempt to set a speed record for a three kilometer course after he had made two trips across the course at Wilbur Wright field, near here. Four trips across the course are necessary under rules of the Federated Aeronautique Internationale.

## Condensed Telegraph News

(By The Associated Press)

Madison, Wis., April 7.—A referendum on the question "Shall the Eighteenth amendment to the United States constitution be repealed," is asked in a bill prepared for introduction into the legislature today by Senator W. A. Titus of Fond du Lac. This measure has the endorsement of the Wisconsin Anti-Saloon league. B. F. Hicks, its legislative council, announced.

New York, April 7.—Prohibition agents today made one of the largest raids since the Volstead act became effective when they seized 10,000 cases of champagne, wines and fine liquors valued at \$2,000,000 and arrested seven men.

Peoria, Ill., April 7.—Folled in an attempt to blow the safe of the state bank at St. David, near here, five men kidnaped a resident, robbed him of \$16 and his watch, dropped him in a street at Canton and then fled toward this city early today. Telephone wires into St. David are believed to have been cut as no communication could be had with the exchange this morning.

New York, April 7.—The actual condition of clearing house banks and trust companies for the week shows an excess in reserve of \$2,276,570. This is a decrease of \$2,622,920.

Oklahoma City, Okla., April 7.—Gov. J. C. Walton intends to commute all death sentences of prisoners at the state penitentiary to life imprisonment, asserting that he will not pass the cases to the next governor by a series of reprieves.

Regardless of the criticisms that may be hurled at me I have the legal authority to say that no man shall die in the electric chair or by the hangman's noose in this state and that is my resolve," the governor said.

## VENDETTA CAUSE OF DOUBLE SLAYING IS BELIEF OF POLICE

Miss McMahon Identified  
as Miss Ethel  
Phillips

(By The Associated Press)  
NEW YORK, April 7.—Authorities investigating the murder of Mrs. Irene Blandino of Jersey City and that of Miss Besie McMahon, of Utica, N. Y., whose hacked bodies were found in a road on Staten Island early yesterday, voiced the conviction tonight that the crime was the result of a vendetta.

Bayonne police officials identified the body of Miss McMahon tonight as that of Miss Ethel Phillips, 17 years old, who lived with her parents in Bayonne. She disappeared from her home two weeks ago, police said.

Detective Captain Von Wagner, in charge of the investigation, said he was bending all his efforts toward learning the nature of information possessed by Miss Blandino regarding the murder of her first husband, Frank Hongiovanni, who is said to have been the leader of a gang in New Jersey City and who died several years ago after an artery in his leg had been severed by a stiletto.

According to Von Wagner, Mrs. Blandino had told intimate friends the names of men whom she suspected of having killed her first husband. This fact became known, the detectives said to interested men who decided to silence the woman forever. Miss Phillips or Miss McMahon was killed for no other reason than that she was with her friend, they thought.

## ORDERS RETURN OF BARGES TO COLTRA

ST. LOUIS, Mo., April 7.—Federal Judge Paris late today ordered Colonel T. Q. Ashburn, chief of the land and coastwise waterways division of the war department to return the Coltra barge line to the jurisdiction of the federal court for the eastern district of Missouri by April 21, or appear and show cause why he should not be held for contempt. Colonel Ashburn began seizing the fleet of four tow boats and 19 barges March 25.

## ANNOUNCES WAGE INCREASE OF 7 CENTS

Cleveland, O., April 7.—A wage increase of seven cents an hour for practically all groups of its shop employes was announced here today by the Wheeling and Lake Erie railroad company. Several thousand men are affected. Needs of more men to fill places made vacant by the strike of shopmen is said to have been a factor in the company's decision. The strike has never been settled on this road.

## BELGIAN WORKMEN LEAVE FOR THE RUHR

Brussels, April 7.—The first contingent of six hundred Belgian workmen, the advance guard of several thousand who are to be employed in exploitation of the Ruhr industries by the allies, left Brussels for Duisberg today.

## FARM BLOC PLANS PASSAGE OF CROP INSURANCE BILL

Could Recover Part  
of Expense in Case of  
Failure of Crop

(By The Associated Press)

WASHINGTON, April 7.—"Crop insurance under which the farmer will be able to recover a reasonable proportion of his planting and cultivating expenditures in the event of his failure to make an average yield is on the passage," the next session of congress provided a satisfactory plan can be worked out," Senator Smith, Democrat, South Carolina said today.

A special sub-committee of the senate agricultural committee of which Senator McNary, Oregon, is chairman and Senator Keys, New Hampshire, and Senator Smith are members, decided today to begin hearings on crop insurance the last week in April.

"There is a real problem in crop insurance," Senator Smith said, "and our purpose is to provide a method by which the government, at small cost to the farmer, can insure him substantially for all that he has expended in his effort to make a crop when he experiences complete failure, and to reimburse him a proportion of his expenses when his production is not normal."

"The business man and substantially every one else can obtain insurance in his business except the farmer. He now can insure his crops against storm damage and can obtain insurance on his livestock, his home and his barn but in his real business of making a crop he is left alone with weather, pest and everything else that means success or failure. If we can work out some plan, as I think we can, by which his investments in making a crop will not be a complete loss to him in case of crop failure or partial loss when he has a crop shortage, we will go far toward stabilizing the farmer."

## PENNSYLVANIA RAIL EMPLOYEES HOLD MEET

(By The Associated Press)  
INDIANAPOLIS, Ind., April 7.—Cheered by several thousand of their followers, athletes from the southwestern central and northwestern regions of Pennsylvania Railway System competed in games and contests here today preliminary to the national contest at Columbus, Ohio, April 14. Today's competition included track and field events, basketball, volleyball, shooting, wrestling, swimming, billiards and various other sports.

The Columbus, Ohio, trap-shooting team won first place breaking 221 targets out of 250. Cincinnati was second with 210 and Richmond, Ind., third with 201.

Pittsburgh's volley ball team defeated Columbus 15 to 10; 15 to 10 and 15 to 5. The Cleveland indoor baseball team defeated Fort Wayne, Ind., 33 to 3. Medals were awarded to individuals tonight.

## WOMAN SETS HERSELF AFIRE

(By The Associated Press)  
MIAMI, Fla., April 7.—Crazed with pain of long illness, which three operations had failed to alleviate, Mrs. Helen Simms, 46, of Miami, drenched herself with kerosene tonight, lighted a match to her clothing, screamed once, and was burned to death.

Police at first worked on the theory that the woman had been murdered and because of her smallness of stature believed her to be but 18 years old. The woman's husband later was found and he identified her as his wife. He said she had been demented over her illness. The couple came from Ellington, Colo., in October.

## HOLD FUNERALS OF GERMAN WORKMEN

(By The Associated Press)  
ESSEN, April 7.—The funeral of the German workman killed in the recent clash at the Krupp Works has been fixed for Tuesday. It is reported that the Krupp plant and also all shops will be closed. The French general commanding at Essen has ordered the French soldiers to keep out of sight of the mourners.

## PAROLED CONVICT HELD FOR MAIL ROBBERY

ST. LOUIS, Mo., April 7.—Roy R. Madison, paroled convict was arrested at his home here today in connection with the mail robbery at Springfield, Ill., April 1. His photograph is said to have been identified by four witnesses to the robbery. Byron J. Shelton of this city also is under arrest in connection with the robbery.

## INVESTIGATION OF HERRIN MINE RIOTS TO BEGIN THIS WEEK

Stands Out as the Center of Attraction for  
the Coming Week—First Move Will be  
Quiz of Military Officers of the State—  
Several Important Bills Also to Come Up

(By The Associated Press)

SPRINGFIELD, Ill., April 7.—Investigation by the house of representatives committee of seven of the Herrin mine rioting stands out as the center of attention in the legislature the coming week. Chairman Frank McCarthy and his associates—Representatives Pierce, Flagg, Phillips, Curran, Igou and Rice—will begin their labors here probably Tuesday or Wednesday, but possibly not until later in the week.

The investigators have been charged to make a complete inquiry, protecting no one and punishing no one, and they plan to go into all phases of the disorders in Williamson county last June. Their first move will be to quiz military officers of the state, one of whom—Adjutant General Black—had authority to send the National Guard into the riot area but who, it has been charged in the legislature, was direct in his duty.

With the second of the Herrin trials concluded and the defendants acquitted and remaining indictments nolleed, the committee will have a clear field for action without fear of encroaching on process of the law.

Other matters of the first importance will be before the lawmakers next week. The O'Neill women's eight hour bill is due for consideration Tuesday and Mrs. O'Neill, the state's first woman legislator, will wage her first real fight on its behalf when it comes up.

The co-operative marketing bill, which emerged from the senate with flying colors, will appear in the house in a few days. In the senate, the \$10,500,000 appropriation to the University of Illinois will be pushed along. It passed the lower house this week without a dissenting vote and probably will be acted on as favorably by the senators, who generally are in favor of allowing the University to proceed with its extensive building program.

Should the appropriation pass the senate unanimously it is believed by many legislators that Governor Small will give it his approval, although his budget limited the institution to \$9,000,000. The appropriation of \$1,037,250 to Attorney General Brundage's office for the next biennium also will be brought up in the senate next week, having passed the house by a large majority. Efforts are sure to be made to trim the allowance sharply in view of a probable executive veto.

The bill of Senator Mason, Republican, Oak Park, naming as a ground for divorce the fact one spouse has infected the other with a venereal disease, has been made a special order of business for Wednesday.

It is on the order of passage. Senator Mason says that while his measure will increase the grounds for divorce, it will decrease the number of legal separations.

Twenty-three other measures including the Dunlap state police bill are on third reading awaiting action by the senate after its week's vacation. Senator Dunlap expects his bill to pass, but admits it will succeed only by a narrow margin.

## OIL INVESTIGATION NOW IN PROGRESS

(By The Associated Press)  
FORT WORTH, Texas, April 7.—Henry Zweifel, United States district attorney this afternoon declared that the government would be requested to use fraud orders against all oil companies or individuals where the situation demands it in the oil investigations which are now in progress here. At least four cases in Fort Worth warrant fraud orders, the district attorney declared, and just as soon as information can be gathered and citations completed requests will be made for the government to use drastic measures involved in the fraud order.

The United States grand jury now in session will return a number of indictments during the coming week it was announced by the district attorney.

"There is enough work in investigations underway now to last twelve months," he said. "Some two hundred cases are being prepared by the attorney general's department. The investigation will cover the entire district including Wichita Falls and Dallas."

The town of Essen has been fined \$95,000,000 marks for the shooting at a soldier on March 18.

## WATERLOO, ILLINOIS MAN IS PRESIDENT

East St. Louis, Ill., April 7.—W. C. Heyl, Waterloo, Illinois, superintendent of schools for Monroe county was elected president of the Southwestern Division of the State Teachers' association here today. Sixteen counties were represented in the meeting.

## IMPERIAL WIZARD SAYS ATTEMPT IS MADE TO OUST HIM

Evans Charges Form-  
er Associates Be-  
hind the Plot

(By The Associated Press)

ATLANTA, Ga., April 7.—Sensational charges that the present legal battle to oust him from control of the Knights of the Ku Klux Klan was conceived and is being engineered by Edward Young Clarke, and Mrs. Elizabeth Tyler Crow, former associates in the propagation department of the Klan, were made tonight by Dr. H. W. Evans, imperial wizard of the organization.

Dr. Evans simultaneously made public a copy of a telegram he said he sent to Tom Akers and imperial officials from Washington last Monday night before he was aware of court action being taken instructing Mr. Akers to call a convention of klansmen from every state in the union to be held in Atlanta in the near future for the express purpose of considering the advisability of organizing a woman's auxiliary to the Klan.

Clarke recently retired from the Klan tending his resignation to the imperial wizard. Later a proclamation was issued from the imperial palace saying that for the good of the order, Clarke was no longer recognized as an official of the Klan. Federal authorities are now seeking him on an indictment charging him with white slavery in Texas and another trial charging him with using the mails to defraud. Mrs. Crow, better known in Klan circles as Miss Elizabeth Tyler, retired from the Klan about two years ago after sensational charges had been placed against her and Clarke. Her resignation followed an alleged attempt to assassinate her at her home near here.

## HONEYMOONERS NEARLY LOSE BOAT

(By The Associated Press)  
NEW YORK, April 7.—Bent on a honeymoon trip to Bermuda Mr. and Mrs. John R. Rosina of Boston, hurried to North River pier today for their boat, the Fort St. George. In their haste they boarded an Italian boat lying on the other side of the pier.

The Fort St. George backed in to the river and started for sea before the mistake was discovered. The bride's eyes were moist. The groom got busy, informed the skipper of the Italian ship of their plight and asked his advice.

Immediately the Fort St. George was communicated with by wireless and the couple was taken aboard after a tug which had caught the Fort St. George a mile down the harbor. The bride and groom clambered aboard as the passengers cheered.

## BISHOP TUTTLE GROWING WEAKER

St. Louis, Mo., April 7.—The Right Rev. Daniel Tuttle, presiding Bishop of the Episcopal church in the United States, passed a very restless day and continued to grow weaker it was announced at his residence here tonight. The aged prelate who is 86 years old, has been ill with grippe for more than a month.

**A THOUGHT**  
Better is a dry morsel and a quietness therewith, than a house full of sacrifices with strife.—Prov. 17:1.  
Nothing can bring you peace but yourself. Nothing can bring you peace but the triumph of principles.—Emerson.  
The result of the election in Springfield showed that when the people of the capital city are really aroused that they can get together on a reform program.

The state dismissed the pending suits resulting from the Herin massacre after the acquittal of the six men tried recently. Certainly that was the wise course, for either the evidence was not sufficient or it is impossible to get a fair jury in Williamson county.

The zeal of certain agitators for the enforcement of law against narcotics has been mentioned before. It is a noticeable fact that some of those so zealous on this narcotic subject believe in the greatest liberality with reference to the enforcement of the prohibition laws. Why make exceptions when it comes to law enforcement?

The farmers of Morgan county, like those in many other counties, are said to be "signing up" for membership in the Illinois Agri-

cultural association only after careful consideration of the proposal. This is not surprising when the difficulties that which agriculture has passed in the last year or two are remembered. Then there is the fact that an organization seldom is able to please all its members.

Commenting upon the place that cement now holds in the world of industry, the Decatur Review gives figures to show that where one barrel of cement was used in 1880, the increase in 1922 was to 2700. This remarkable increase has been made in forty-two years.

Judge Dever, mayor-elect of Chicago, it is said may appoint his wife as a member of the school board. Evidently the judge believes his wife is equal to almost any emergency, or he would never consider her for a Chicago school board appointment.

Isn't it a significant fact that during the past four years there has never been a disagreement in the Jacksonville city council on any important subject? The result of practically every roll call in the last four years has been unanimous either in the affirmative or the negative.

The city council has not been a divided house, and while the spirit of the aldermen has been in part responsible for this condition, the greater part of the credit must be given to the leadership of Mayor Crabtree.

The four year period of unanimity of action—the oneness in purpose of doing the best things for Jacksonville—is in marked contrast to some of the bickering of the earlier aldermanic history of this city.

**PLENTY OF MONEY**  
A few years ago the first "billion dollar congress" was something of a national scandal. The political "ins" apologized for it, and the "outs" viewed it with alarm. Now we have a four billion dollar congress, and nobody gets excited.

"It's a big country, and it takes a lot of money to run it," is about the way the average citizen views

**BY REQUEST**  
By Berton Braley  
**HAVE a heart, lady, don't evermore flout me,**  
I am a fairly respectable guy;  
There are a number of nice things about me  
Which you can see with a tolerant eye;  
I've been a butterfly, yes, and a rover,  
Fickle and flippant and gay;  
But, when YOU speak, I lie down and roll over.  
Have a heart, lady, I pray!

**HAVE a heart, lady, you know how I'm feeling,**  
Know that I'm hopelessly caught in your snare.  
Though I may struggle I can't help revealing  
That I am dippy about you, fair!  
Look on me kindly at times, you'll discover  
I am a pretty good egg.  
You could do worse in the way of a lover,  
Have a heart, lady, I beg!

**HAVE a heart, lady, and if you are shy one**  
(Which, I'm afraid, is exceedingly true)  
Here is a bird who'll be glad to supply one,  
Damaged a little—but mostly by you!  
Have a heart, lady, here's one I am giving  
Which, as I guess you opine,  
Beats, and will beat for you, while I am living.  
Have a heart, lady—have Mine!

the matter, even while he complains about taxes.

Apparently the old days of frugality are forever done with. There's plenty of money in the world—and why not spend it? Let's spend it, even if we haven't got it! There'll always be some way to pay off our debts. Or we can't pay them, we can get a renewal. Our dollars are still a little scarcer than German marks, and worth a little more, but with all our ingenious methods of inflation we seem to be able to get more when we need it. Why worry?

This new way of looking at things is a little painful to the old timer, who got his financial lessons in a hard school, who hated to go in debt, and who thought there was a limit to the amount of money in the world. It seemed to him only natural and inevitable that there shouldn't be

money enough to go around. With him, hard times were normal times.

Maybe the old timer was wrong—or partly wrong—in his sense of financial limitation. Anyway, it will be interesting to see how the new plans work out.—Farm Life.

**TIGHTWADS**  
What is a tightwad? Uncle Sam, in a booklet, defines him as "a man who saves 60 cents out of every dollar, and spends 37 cents of the balance for living expenses, and one cent each for education, recreation and aims."  
That description might hold true in some cases. But how about the rich? Thousands of them would find it next to impossible, no matter how extravagant, to save less than 60 cents on the dollar.  
You can't define a tightwad. It depends on the income of the individual, so it naturally varies. A poor man, ambitious to get ahead and accordingly saving 60 cents out of each dollar that comes his way, is a fox, not a tightwad.  
The trouble is, too many of us save without a definite motive. The motive—Independence—usually exists until we are comfortably fixed. Then frugality is so grimly established as a habit that it becomes an obsession, form of mania.  
How about a spendthrift? Ah, he's easier to define. Uncle Sam describes him as a party who saves nothing, spends 58 cents out of each dollar on living expenses, 40 cents on recreation and one each for aims and education.  
Doctors, specializing in endocrine glandology, will tell you that a dyed-in-the-wool spendthrift is simply a man with the peculiar condition of the adrenal glands that keeps him absolutely fearless. A hero, for instance, is a spendthrift with his life. A coward is frugal with his life—more than frugal, miserly.  
Always an interesting subject, this matter of how much we should save. Uncle Sam's booklet says that the normally thrifty man saves 20 cents out of each dollar, spends 50 cents on living expenses and 10 cents each on aims, recreation and education. Strikes us as a sensible system.  
If you want to keep books—go on a budget basis—you might go about it this way: Decide to save 20 cents out of each dollar you receive. The scientific way to spend the balance, according to economists is to divide each dollar you spend, like this:  
For food ..... 43c  
For shelter ..... 18c  
For clothing ..... 13c  
For fuel and light ..... 6c  
Other expenses ..... 20c

**SONNET TO STATUARY HALL**  
O august Hall of Fame!  
So worthy of Thy stately name  
In which marble is the idol,  
And silence is the King.  
O hall of sublime names!  
Th' shadows of Old Greece and Rome  
Are cast within Thy sacred walls!  
Forever—preserve the fair renown—  
Of those who toiled and labored all;  
For the betterment of country, state and town.  
Th' paleness of Thy images white  
Are tokens of the death that might,  
Come to all who fail to fight,  
On and on for what'er is right!

**Harry Carey in "Crashin' Thru"**  
Adapted from the Blue Book Story, by Elizabeth DeJeans, "If a Woman Wills."  
"Crashin' Thru" is far above the ordinary western drama because presenting an unusually dramatic story developed with smashing thrills and climaxes. Carey, the prime favorite with lovers of outdoor photoplays, is suited perfectly to the romantic and adventuresome role afforded. It is a drama of rapid-fire action, including among its thrills such spectacular scenes as a stampede of horses, the burning of a ranch house, and the dynamiting of an entire mountainside.  
Other leading roles of this spectacular thriller are played by Vola Vale, Cullen Landis, Myrtle Steadman, Charles LeMoyné, Nell Craig, Joseph Harris, Donald McDonald

## MANCHESTER JUNIORS ENTERTAIN SENIORS

Banquet Given Thursday Evening  
by Juniors of High School for  
Senior Class—Other Manch-  
ester News.

Manchester, April 7.—The juniors of the Manchester high school entertained the members of the senior class at a banquet Thursday evening at the home of Charles Thady. The house was prettily decorated in the colors of the two classes. In the parlor the senior colors of purple and gold were used with fine effect, while in the dining room the junior colors, green and gold, were conspicuous.

A three course menu was served. The first course included tomato Creole, crackers, pickles, olives and celery. The second course was beef loaf, potato snow, peas in cases, pineapple salad, and the third course, ice cream, cake and mints.

There were twenty-four present to enjoy this banquet which was followed by a delightful program of music and games.

## APPROVES MR. OSBORNE'S RECORD AS COUNTY BOARD MEMBER

Editor The Journal:

As a citizen and taxpayer of Morgan county I am interested in the primary election which will be held next Tuesday. J. E. Osborne, who has served as a member of the board of commissioners for the past three years, is a candidate for re-nomination and I wish to call the attention of the public to his record, believing that "one good term deserves another."

With his associates Mr. Osborne has looked after Morgan county business in a business-like way. He has applied the methods of private business to public affairs, thus bringing about efficiency and economy that would not otherwise be true.

The records will show that during his term of office Mr. Osborne as a member of the board has worked consistently for economy measures and during that time the county debt has been greatly reduced.

I do not mean that all the credit for this reduction nor for the other good things that have happened during the past years are all due to Mr. Osborne, but he is entitled to full share of the credit, as he and his associates have worked in harmony in the effort to give Morgan county a real business administration of its affairs.

Mr. Osborne has aided in securing more hard roads for the county on the state bond issue system, and has also assisted in building up the system of good roads connecting the various trade centers of the county. It has been his principle that the county must receive one dollar's worth of value for every dollar spent.

Those who know Mr. Osborne are familiar with the fact that he has made a success of his private business thru the years and they know also that as a county official he has given public affairs the same conscientious attention that he has given to his own.

I believe that the best interests of the county will be subserved by his nomination next Tuesday, and his election in November.

**"LISTEN TO ME" A TRE-  
MENDOUS SUCCESS**  
\*\*\*\*\*

It is interesting to know that America's greatest success, "Listen To Me," which swept all before it last season, proving one of the most popular and entertaining offerings of the entire season's output in the musical comedy field, will be presented at the Grand Theatre Monday night, April 16th.

"Listen To Me" is a modern extravaganza; it possesses music, dancing, lights, novelties and pretty girls. It is gorgeously mounted and whirled one from Hades to the North Pole and back through candyland, presenting some of the most bewildering scenic effects ever offered before the footlights, particularly the snow storm, glaciers and aurora-borealis in the land of the midnight sun.

With a cast of par-excellence, "Listen To Me" is promised as one of the few really dependable offerings of the season. Written by Charles George, who penned the book, lyrics and music, it possesses every available bit of comedy, brilliant settings and one of the smartest musical scores heard in a long time.

Tuneful and gay, with a romping, singing, dancing chorus of bewitching girls, who bid fair to rival the Ziegfeld types, have proven a great asset to this remarkable success from its opening performance, and the theatre goes on to look forward to their visit when they will share honors with the excellent cast whom they are called upon to support.

Many have become charmed with its tuneful score—others have adored its gorgeous scenic investiture, while many have claimed that the cast and chorus have been responsible for its phenomenal success; however, it requires a combination of book, music, novelties, costumes, cast and chorus to successfully present a great extravaganza and "Listen To Me" is indeed fortunate in possessing these many attributes.

## COURT PLACES KLAN AFFAIRS IN HANDS OF COMMISSION

Will Carry on Operations Pending Court Decision

(By The Associated Press)  
ATLANTA, Ga., April 7.—After a week of legal dickering between supporters of William Joseph Simms emperor, and H. W. Evans, Imperial wizard of the Ku Klux Klan today were placed in the hands of a commission of three men to be administered by them pending further orders from the court.

Superior Judge E. D. Thomas in announcing his decision today named Mr. Simmons, Mr. Evans and J. M. George, marshal of the municipal court as the committee to carry on the operations of the Klan, its monies, records and other properties.

Following the action Judge Thomas' court, T. J. McKinnon, chief investigator for the Klan and N. N. Furney, cashier for the order, were placed on trial in municipal Judge T. O. Hathcock's court on charges of larceny after trial. Both were dismissed for lack of sufficient evidence. McKinnon was alleged to have removed checks for approximately \$20,000 belonging to the Klan while Furney was charged with removing \$100,000 of the organization's money.

Preliminary Tariff Statement Will so State

(By The Associated Press)  
WASHINGTON, April 7.—The tariff commission's preliminary statement in reply to President Harding's request for information on the sugar price situation will indicate by an array of figures, it was declared today, that sugar prices have fluctuated over many years without regard to the import duties imposed by the various tariff laws.

Members of the commission hope to have the reply in the hands of the president next Wednesday.

Whether the report will contain a definite statement covering assertions of current high prices are traceable to the present tariff law was not revealed but it appeared that a majority of the commission agreed that the figures to be submitted failed to connect the duties carried in the present law with the recent rapid increase in sugar values. Those figures, it was said, covered monthly averages of prices as far back as the enactment of the Payne-Aldrich law.

## CHAMPAIGN COUNTY LED STATE IN CORN

Produced 11,592,600 Bushels in 1922—McLean County Second with Over Ten Millions Bushels

(By The Associated Press)  
SPRINGFIELD, Ill.—Champaign county, the home of the University of Illinois, led the state in the production of corn with 11,592,600 bushels last year, according to the state-federal crop reporting service.

McLean county was second with 10,730,000 bushels and LaSalle was third with 10,277,000 bushels.

The total value of the crop in Champaign county was placed at \$6,839,634, in McLean at \$6,438,000 and in LaSalle at \$6,063,430. Though these three counties led in the total yield of corn, they came way for other counties in the yield per acre. The counties of Bureau, Jo Daviess and McDonough show a per acre yield of forty-seven bushels each, while Champaign, the leading county in total volume, had but forty-one bushels per acre. McLean produced thirty-seven bushels an acre and LaSalle a fraction over thirty-nine bushels to the acre.

McLean county, while second in total production of corn, was first in the number of acres planted in corn. The McLean acreage was 290,000 acres, while Champaign had 278,000 acres and LaSalle, 260,500 acres of corn.

The highest price per bushel was obtained with Brown county corn which brought sixty-seven cents a bushel, the report shows. In total production of winter wheat, Sangamon county led the state with 2,178,000 bushels.

Ogle county was first in spring wheat with a production in 1922 of 149,122 bushels.

In oats Livingston county led them all with 8,700,000 bushels, while Champaign county was second with 5,577,000.

Corn was the most valuable crop, bringing the farmers of the state \$187,844,000, and tame hay with a production of 5,285,000 tons, valued at \$66,062,000, was second in value.

## DELEGATES FAVOR SUGGESTION OF COMMITTEE

SANTIAGO, Chile, April 7.—Most of the Latin American delegations to the Pan-American conference, it was learned today, are in accord on the suggestion that a committee be appointed to which armament problems could be referred. There is difference of opinion, however, as to whether this should be a special committee appointed to report to the next conference and with power to seek a solution of the armament question or a permanent committee whose function would be that of carrying out general vigilance over armament growth. The majority of the delegates also favor some pronouncement by the conference concerning more humane warfare.

## GUSHER HALTS FRISCO TRAINS

Tulsa, Okla., April 5.—A gusher brought in near Bristow today alongside of the St. Louis-San Francisco railroad right of way caused stoppage of train service. A high wind spread oil and gas from the well across the tracks making it dangerous for engines to pass. Passenger train No. 7, from St. Louis to Oklahoma City and No. 10 from Oklahoma City to St. Louis were halted.

The well started off making 1,000 barrels of oil and spewing 8,000,000 feet of gas, according to estimates of the drillers.

exception every coal miner was disqualified. The state was in no instance nor at no time forced to take persons on the jury who had contributed to the defense fund. In nearly every instance the coal miner was disqualified on other grounds before the matter of his contribution was inquired about.

"I don't remember exactly but my judgment is that there were no miners on the first jury. The prosecution had one hundred challenges. They used thirteen in the first trial. I think they had one man on the jury who had once been a miner but they had seventy-eight challenges left when the first jury was selected. In the second trial they took one or two miners, but they did so voluntarily. Nearly all the jurors were farmers. The prosecution in the second trial used about 38 challenges and had about eighty peremptory challenges remaining when the jury was selected.

"In the second trial one argument was made on behalf of the prosecution and that was made by Senator Glenn of Murphysboro.

Prayed Forewitness of Court

"He spent quite a long part of his argument in praising the court and telling how fair the court had been. At the conclusion of the former trial, Attorney General Brundage was here and stated to the newspapermen 'we have had a square deal. We have no complaints.' No later than last Friday, Attorney General Brundage stated to me that he thought all my rulings had been fair and that I had ruled according to the law, with one exception. I replied I thought I was right in this also.

"Nobody knows better than I do of the prejudice that exists all over the country, growing out of these killings. I have not condoned, justified or excused these killings. I do not do so now. I tried my best to give both sides

a fair trial. The prosecution were loud in their praise of the knows that he can take advantage court until now. Middlekauf knows that he can take advantage of the intense feeling existing away from here and he has done so without regard to the truth.

"I admit his superiority in being able to make use of the news papers. He tries his case there better than in the court house. I repeat that he has not stated the court's rulings correctly.

"I am satisfied every member of the bar will say that I held exactly according to the statute upon the qualifications of jurors."

## AUTO FATALITIES SHOW INCREASE

Springfield.—Fatalities due to automobile accidents increased almost ninety per cent in Illinois during the period from 1918 to 1921, according to statistics of the state department of public health. In 1918 the fatal automobile accidents numbered 464, in 1919, 622, in 1920, 728 and 880 in 1921. During the same period deaths from railroad and street car accidents decreased. In 1918, the figures show there were 774 railroad accidents and in 1921 there were 537. Figures for street car accidents show 309 deaths in 1918, and 163 in 1921.

## TWO WILLS PLACED ON RECORD SATURDAY

John Hadden Bequeathed All Property To His Wife for Lifetime—Estate of Mrs. Hannah Davis Goes Mainly to Grandchildren.

The will of the late John Hadden of Joy Prairie was made a matter of record Saturday in the office of County Clerk Biggs. Mr. Hadden made his will April 25, 1914, appointing his sons, Charles E. and William G. Hadden, executors. The signature was witnessed by L. O. Vaught and Julian P. Lippincott.

Mr. Hadden provided for the payment of debts and then bequeathed all of his property, real and personal, to his wife, Mrs. Jennie Hadden, for her lifetime. Subsequent to the death of Mrs. Hadden the property is to be divided in equal shares among the three children of the testator, Charles E. Hadden, Mrs. Clara M. Cooper and William G. Hadden.

Will of Mrs. Davis  
The will of Mrs. Hannah Davis widow of Henry C. Davis, was also filed in the county clerk's office. Mrs. Davis provided for debts and funeral expenses and after making some minor bequests provided that the remainder of the estate should be divided in equal shares among four grandchildren, Mabel G. Biggs, Charles B. Henry L., and Walter R. Couchman.

In this will, which was made December 29, 1915, Mrs. Davis appointed Adolf Schill of Havana, executor. The witnesses to the signature were J. Marshall Miller, Hugh Green and Louise Roberts.

On April 5, 1917, Mrs. Davis made a codicil to her will, in which she set aside the clause of the original will by which the residue of the estate was to be divided among four grandchildren.

Bequests were made as follows:

To grandsons, Charles B. Couchman and Walter R. Couchman \$200 each; to granddaughter, Lillian Couchman \$200 each; to granddaughter, Lillian Couchman, \$500; to great great grandson, Allen Biggs, \$500; great grand daughter Mabel A. Biggs, \$250. The rest of the personal property was to be divided in equal shares between the grandson Henry Couchman and the

grand daughter, Mrs. Mabel G. Biggs.

It was provided that the real estate should pass to the heirs of Adolph Schill as trustee to sell at public or private sale, the proceeds to be divided between Henry Couchman and Mrs. Mabel G. Biggs. The witnesses to the signing of this codicil were Martha E. Krampf, Philip Dieffenbach and Scott S. Nortrup, all of Havana.

Still another codicil was attached to the original will, December 5, 1917, when Alta Everett and Philip Dieffenbach and Scott S. Nortrup were the subscribing witnesses.

In this codicil the bequest of

\$500 to the great grand daughter, Lillian Couchman, was cancelled. Provision was also made in the codicil that after the special bequest had been paid all the rest of the personal property shall become the property of Mrs. Mabel G. Biggs.

Another change was made whereby the trustee was directed to sell real estate and to make the grand daughter, Mrs. Mabel Biggs, the sole beneficiary of this fund. Mrs. Davis, it will be remembered, was for a number of years a resident of Havana and more recently had been at the home of her granddaughter Mrs. Biggs, here in Jacksonville.

Alpha Pi Delta Girls Hold Attractive Program at Colonial Inn Saturday Evening—Tables Are Prettily Decorated.

The annual banquet of the Alpha Pi Delta society of Illinois Women's college was held last night from 8 to 11 o'clock at the Colonial Inn. The tables were decorated in lavender and green and adorned with hyacinths.

Miss Nellie McMillan was toastmistress at the program which followed the banquet, and the following toasts were given: "Friendship"—Miss Edith Hall "Knowledge"—Miss Edith Gillespie.

Vocal solo—Miss Marjorie Allen. "Loyalty"—Elizabeth Boruff. "The best prophet of the future is the past"—Miss Martha Logan.

Alpha Pi Delta is the freshman society and the banquet last night was one of the most interesting in the history of the society. There were more than 100 in the company.

Miss Marjorie Slough is the president of the society this year. Among the honorary members present last night were Mrs. J. R. Harker, Miss Olive Austin, Miss Mary Anderson, Miss Mary Johnston and Madame Colard.

Special attention had been paid to the decorative effects and in every way the event was one the members of the society will long remember with pleasure.

Before her marriage she was Miss Lillian Weir, and was born and reared near Jacksonville. She is survived by her husband and three sons. She was 47 years of age at the time of her death.

### Boyce

Miss Emma Virginia Boyce, sister of the late Annie E. Boyce, passed away at 11 o'clock Saturday morning at Passavant hospital, following a week's illness. Her sister, Annie, died Easter morning. She was born Oct. 30, 1866, youngest daughter of William T. and Margaret Ann Boyce, who preceded her in death.

Deceased is survived by two sisters, Mrs. S. L. Fox and Mrs. L. B. Trotter who reside east of this city. Miss Boyce has lived all her life in the neighborhood of Jacksonville, and for about twenty years has made her home in the city. She has a number of nephews and nieces living in and near this city.

Funeral services will be held at 2 o'clock Monday afternoon from the Reynolds Chapel, with interment in Jacksonville cemetery.

The funeral will be held at 2 o'clock Monday afternoon from the Reynolds Chapel in charge of Rev. G. T. Wetzel.

## MYSTERY SURROUNDS DEATH OF RAMMAGE

JOLIET, Ill., April 7.—Mystery cloaks the death of Frank Rammage, 44 years old, who was found hanging by a bit of barbed wire to the limb of a tree in the yard of Arthur Scaman, a farmer near Coal City early today. Rammage alighted from a train at Coal City last night, according to the depot agent there and seemed to be in a despondent condition. He was on his way to Chicago and carried the address of Mrs. R. Reliance, 1812 West 25th street, Chicago, in his pocket.

According to the farmer in whose yard the man was found hanging, Rammage appeared at his window last night shortly before midnight and asked for a revolver and ammunition saying that he was being pursued by negroes. Scaman was unable to supply him with a gun and the man held up a large roll of bills to the window and told him he would pay \$250 for a revolver. When he was told there was no firearms there he disappeared.

When the man was found—this morning his money and pocket book were missing but the empty money bag later was found near a small building on the premises. Footprints and wagon tracks led investigators across the field from the Scaman farm home to an abandoned house about half a mile east. There the cap of the slain man was found and hand prints were seen near buildings.

The theories advanced by the Grundy county coroner and Sheriff are that the man was either slain at the abandoned house for his money and then taken down to the farm house and hanged to a tree in order to throw off investigators or that he hid his large roll of money under one of the buildings and then killed himself by hanging.

KANSAS CITY WINS FROM ROCKFORD HIGH

Overwhelm Illinois Team by Score of 43 to 21 — Kansas Team Proved Too Speedy for Rockford.

CHICAGO, April 7.—Kansas City High, champions of Kansas, won the national invitation interscholastic basketball tournament of the University of Chicago here tonight, defeating Rockford, Ill., in the finals 43 to 21.

The Kansas City, Kansas team won the game thru their greater speed and their extremely fast running attack, sweeping the Rockford defense aside before it had a chance to form. Rockford tried to stem the tide in the second half but despite their weight the heavier quintet were unable to force to the front.

Rockford did not have the lead throughout the game.

The Kansas team went down the floor in four and five man formation time after time and their speed seemed to bewilder the Illinois team which did not play the game that it had played in eliminating earlier contestants.

Zuber, Kansas center and Schmidt and Proudfit, forwards, seemed to know without looking exactly where each man was to be found and their accurate timing and pivoting was the most remarkable ever seen in an interscholastic tournament here.

The Kansas City guards were also extremely fast in intercepting passes and jumping for the ball to take it off their own back wall many times breaking up plans of the Illinois team before they were fairly started.

The Rockford team failed to show the same unity of action displayed in the earlier games and acted more as individuals.

The score at the end of the half was 18 to 10 in favor of the winners.

Zuber, Schmidt and Proudfit, the Kansas triumvirate made 18 baskets and five free throws. The two Kansas City forwards kept the ball in Rockford territory most of the time, mainly by

out running the Illinois team. Earlier in the evening Charleston South Carolina, won third place in the tournament defeating Muskegon, Michigan, 35 to 26 in the consolation game for losers in the semi-finals.

Charleston won this game mainly by its superior offensive being able to break thru the Michigan defense almost before it was formed.

These four teams, survivors of forty which started in the tournament last Tuesday had battled in the semi-finals in the afternoon, Rockford eliminating Charleston 45 to 21, while Kansas City defeated Muskegon 30 to 26.

CENTRALIA WANTS GAME WITH INDEES

Fast Team Managed by Jacques Fournier Wants to Come For Week Day Game—"Brick" Maurer Signs With Locals.

Manager Frank Smith announced last night that he had received a letter from Jacques Fournier, manager and first baseman of the Centralia White Sox asking for a game with the Indees here on some week day in May.

Fournier for several years has been playing first base for the Cardinals and is regarded as one of the star players of the National league. Last winter Fournier was sold to Brooklyn by the Cards. He has been engaged in the insurance business in St. Louis for some time and has worked up a good business. He refused to report to the Dodgers and took the job managing the Centralia team as he wanted to be in touch with his business.

Centralia has one of the fastest semi-pro teams in the country, playing teams like the Simmons team, Beloit Fairies, Pontiac and others. Manager Smith was encouraged by the attendance at the Pontiac game here last summer despite the threatening weather and has decided that he will book a number of week day games the coming season.

Another piece of good news for the fans was the announcement of the signing of "Brick" Maurer, last season with Roberts Brothers. Maurer is one of the fastest players in Springfield. He is a fine outfielder and a hard hitter and fast on the bases. In addition to this he is a comedian and keeps a ball team in good humor and on its toes all the time. Maurer is a great favorite with local fans and should have one of his best seasons with the Indees this year.

Dick Wheeler, first baseman also signed a contract last week and will be seen at first base again. A number of the veterans of last year have not yet signed but Smith expects them to get their names to contracts in the next few days.

Work on improvements at the park will be started this week. The first workout has been set for April 15 at South Side park will be played April 29, and the first game of the season.

JAY GOULD GRABS SINGLES TITLE AGAIN

BOSTON, April 7.—Jay Gould, of Philadelphia, for 15 years the country's best court tennis player, won the national championship of that game today defeating C. Suydam Cutting of New York in straight sets, 6-2, 6-5, 6-2.

The game was one of scoring principally in openings, with few points gained from play on the floor. Cutting's brilliant gets featured, but the champion's proved the same master of maneuver, his position play proving the decisive factor.

In the second set, Cutting had Gould 4-3, and the champion pulled out the set with effort almost every game going to deuce advantage.

The match took an hour and a half to play.

WOMAN WINS IN PERAMBULATOR RACE

BRIGHTON, England, April 7.—Mrs. Lilly Groom, of East Bourne, wheeling a perambulator in which nestled her baby, finished first in the 52 mile race from London covering the distance in 12 hours and 20 minutes.

Mrs. Groom was loudly cheered by crowds of spectators who gathered to see the finish of the race. She was still going at a good speed when she crossed the "finish line" followed fourteen and twenty-three minutes later by two others of the five who started out from London at dawn. The mothers who finished second and third likewise showed little exhaustion while all three babies appeared happy and contented.

Two of the mothers were left resting by the roadside.

RICHARDS WINS INDOOR TITLE

NEW YORK, April 7.—Flashy his most brilliant tennis form Vincent Richards of Yonkers, No. 3 ranking star today captured the National Indoor singles crown by decisively defeating the defending champion, Francis T. Hunter of New Rochelle, 6-1, 6-3, 7-5, in the final match of the tournament at the Seventh Regiment Armory. The victory gave Richards his third national title and second leg on the indoor singles trophy. With Hunter as his partner he won the indoor doubles championship yesterday and with William T. Tilden II, he holds the turf doubles title. His last indoor triumph was scored in 1919.

ILLINOIS RELAY RECORD EXCELLENT

URBANA.—They turn out some good relay teams at Illinois year in year out. This seems to be a fair verdict after a review of the relay achievements of Coach Harry Gill's runners of the past.

The Illini racers have won 13 races at the Drake carnival—more than any other university. On top of that the 1922 four mile squad holds the world's four mile record.

In the Penn games Gill's runners have carried Illinois colors to victory four times. And they have won the mile race in the indoor conference meet seven times—and repeated that number of victories in the same event in the outdoor Big Ten meet.

Illinois will be represented by relay teams in Kansas and Drake games this year. Gill's strongest squad is the four-mile which won the race in the indoor relay carnival at Illinois which was a surprise. The Illinois mile team, which compete at Louisville Saturday night, is expected to develop when its new members gain experience.

The Orange and Blue record at Drake and Penn is as follows:

**Drake Relays.**  
1911—Half mile and two mile.  
1914—One mile and two mile.  
1917—One mile.  
1918—Half mile.  
1920—One mile and four mile.  
1921—One mile and four mile.  
1922—Half mile, one mile, four mile (world's record).

**Penn Relays.**  
1913—One mile.  
1914—Two mile.  
1921—Four mile and distance medley.

TWILIGHT LEAGUE MEETING MONDAY NIGHT

There will be a meeting Monday evening at 8 o'clock of the Twilight league boosters at Mathis, Kamm & Shibles stor on the north side of the square. The promoters are looking forward to a great season as last year much interest was shown by the players and fans. At the meeting Monday evening officers will be elected for the coming year and other important matters will be discussed.

All members of last year's teams and those interested are requested to attend.

NEWTON DEFEATS "CHICK" EVANS

PINE HURST, N. C., April 7.—France C. Newton of the Country Club, Brooklyn, Mass. won the north and south amateur golf championship today by defeating Charles (Chick) T. Lansing of the Knickerbocker Country Club Tenafly, N. J., 6 up and five to play in the final round of the annual tournament.

The match was closely contested on the first round of 18 holes, Newton leading one up when it was finished. He won the round by sinking a long put for a two on the seventeenth green and retaining his margin by dropping a twenty footer in the cup of the 18th hole.

COBB REFUSES TO LEAVE GAME—SCORE 9-0

AUGUSTA, Ga., April 7.—Today's exhibition game between Detroit and St. Louis was forfeited to St. Louis 9 to 0 by Cobb's refusal to leave the game when ordered to do so by umpire Pfirman. The trouble arose in the sixth inning over a close decision at second base when Pfirman called out Cobb. The umpire claims that Cobb threw dirt on him when he arose from the bag and ordered the Detroit leader to leave the game. Cobb refused.

St. Louis Nationals 9; Detroit Americans 0.

WILLARD WORKING HARD FOR JOHNSON

EXCELSIOR SPRINGS, Mo., April 7.—Jess Willard, former world's heavyweight champion today began his last two weeks of training here before he breaks camp to go to New York where he will meet Floyd Johnson, Iowa heavyweight, at the Yankee Stadium, May 12.

Willard has spent six weeks of strenuous training here and declares that he is in the best shape of his life. Jess has been hitting the road early every morning and in the afternoon has been doing 12 to 15 rounds of work.

The big Kansan is nursing a bruised right arm received in a workout with one of his sparring partners, Harry Drake, several days ago. Jess has not boxed since receiving the injury desiring to take no chances with his match with Johnson only five weeks away, but today he gave the right a good workout on the punching bag.

"I am in the best shape of my life," Willard said today. "I am going to show all my critics that I am in that kind of shape."

Jess is training more seriously than ever before according to his manager.

LOUISIANA HOLDS ILLINOIS TO 6-6 TIE

NEW ORLEANS, April 7.—Louisiana's State Baseball team by a rally in the last two innings held the University of Illinois to a 6 to 6 tie here today in the second and final game of the series. The game was called at the end of the eighth inning to allow the Illinois men to catch a train for Champaign.

## BARLEY GROWING AFFECTED LITTLE BY PROHIBITION LAW

Barley production in the United States has been affected less by prohibition than many people had expected, according to the United States Department of Agriculture. There has been no noticeable change in acreage or market, probably because barley production at the time prohibition came was undergoing a very fundamental change and this change has covered any loss that might have been caused by the cutting off of the market for brewing barley.

Our normal use of barley for brewing was never more than 30 per cent of the production and this was only barley of the highest grade, for which a premium was paid. This market for fancy barley has not disappeared due to the fact that much fancy barley is still required for the manufacture of malts and near beers, and also because of the increased demand for export barley, in part due to the absence of Russian barley from the market. The other 70 per cent of the crop, comprising the lower grades, still competes with oats and other grains for feed and milling. The use of barley as stock feed has increased in recent years, because of a better realization of its value for this use, and a recognition of a high yield compared to other small grains.

Barley is an excellent feed for live stock, being almost the equal of corn. It produces more pounds to the acre than oats or wheat, and its cultural requirements are such that it fits in with the work of the general farm, where it is now being more generally grown, instead of being confined to large areas devoted only to small grain farming.

## MORE CRYPTS PLANNED FOR MAUSOLEUM

Company Finds It Necessary To Increase Size of Building To Be Erected at Diamond Grove Cemetery.

It was learned Saturday that the Diamond Grove Memorial Mausoleum which is to be erected at Diamond Grove cemetery has outgrown the original plot of three hundred crypts the minimum which could be built. This means that the crypts planned in the mausoleum have been subscribed for. To meet this condition the Valley Mausoleum company of Chicago, which is to erect the building has submitted to the Jacksonville cemetery board plans for a larger building which will contain six hundred and thirty crypts, and it is understood that the cemetery board has accepted the new plans.

The enlarged building will contain ten private rooms, six that can be built one to five crypts capacity, two that can be built five to ten crypts capacity and two de lux rooms of five and seven crypts capacity respectively.

The enlarged plans show a chapel almost double the size of the original. There will be a beautiful marble trimmed choir loft and a pipe organ in this chapel. It will be heated and furnished so that complete funeral services may be held there.

The location selected in Diamond Grove is a beautiful one for this magnificent building which will be constructed of stone, marble, bronze and steel re-inforced concrete. The approach will be built commensurate to the dignity and beauty of the whole structure, leading to the wide stone steps.

There is nothing in the entire middle west except in the very large cities to equal in dignity and beauty the mausoleum to be constructed here, and the enlarged plans will be carried out as was arranged for those first submitted.

Plans and photographs of mausoleums constructed and now under construction by the Valley company in other cities have been filed with C. H. Russell, chairman of the local cemetery board. The other members of the board are W. E. Boston, P. V. Cooper and C. Y. Rowe.

## INDUSTRIAL GIRLS GUESTS AT COLLEGE

Sixteen Members of Springfield Y. W. C. A. Here for Week-end at Woman's College—Entertainment, Dancing and Conferences Make Up Full Program

Sixteen young ladies, members of the Industrial clubs of the Springfield Y. W. C. A. arrived last evening at the Illinois Woman's college to remain over the week-end. They are the guests of the girls of the college Y. W. C. A. and will be entertained at the college until this evening, when they will return to their homes.

After their arrival last night, the girls were entertained at lunch, and later the Dramatic club put on two plays in the social room. These were entitled, "Suppressed Desires" and "Confessions." The dramatic performance was followed with an informal dance given in Belle Lettres and Phi Nu society halls. This afternoon at 1:45 o'clock, the Y. W. C. A. and their guests will hold a discussion meeting, the topic being, "What will be the ultimate result of the presence of women in professional life." This evening, before the Springfield girls depart for their homes, there will be an informal sing and discussion.

Those in the party from the capital city are: the Misses Emma Sheffler, Marie Radford, Myrtle and Corrine Whelan, Mabel Brian, Mildred Crittenden, Geraldine Dyson, Rose Hulcher, Laura Hale, Helen Britton, Elizabeth Crowder, Jennie Johnson, Marian Williams, Ruth Kerst and Edna Buckley.

## BIRTHDAY PARTY FOR LITERBERRY CHILD

Aileen Young Celebrates Eighth Birthday Saturday Evening—Other News From Literberry.

Literberry, April 7.—Saturday was the birthday of Aileen Young, daughter of Mr. and Mrs. W. W. Young, of Literberry and the event was celebrated in a fitting manner. A supper party was held at the Young home last night, a few relatives and friends of the little girl being the guests. She received a number of very nice gifts and the occasion was in every way enjoyable.

Sunday is the regular meeting day at the Baptist church but there will be no services as the pastor, Rev. Ben Johnson, is unable to be present.

Among those who visited Jacksonville Saturday were Mr. and Mrs. O. M. Petefish, Mr. and Mrs. Henderson, Mr. and Mrs. Lulu Henderson, Fr. and Mrs. Sam Lindsay, Mrs. Walter Roach, Miss Ada Scribner, O. L. Crum.

## JUBILEE PLANS HAVE SHAPED RAPIDLY

Program Outlined for Jubilee Celebration of Church of Our Savior—Committee Appointments Made

The jubilee celebration of the Church of Our Savior will be held here May 15 and 16. The executive committee has worked out a program that will completely fill the day and will be of interest not only to the members of the church but to the general public as well.

As previously indicated this celebration is for the triple purpose of commemorating the 70th anniversary of the founding of the Church of Our Savior, the 25th anniversary of the ordination of Father Formaz and also in honor of Father Formaz' completion of twenty-three years' ministry in Jacksonville.

The executive committee hopes to have the co-operation of the city in making this anniversary event the success that its importance justifies. The salient features of the two day program are given below:

**May 15, Father Formaz Day**  
Solemn High Mass, Church of Our Savior, 10:00 A. M.  
Informal luncheon, Pacific Hotel, 12:14 P. M.

Parade and review, 2:30 P. M.  
Public reception, Routt college at close of parade.

**May 16, Routt Day**  
Requiem High Mass, for the Faithful Departed, Church of Our Savior, 10:00 A. M.

Children's pageant, Liberty hall, 2:00 P. M.  
Public celebration, opera house, 8:00 P. M.

The general chairman of the anniversary event is John W. Clary, with J. J. Kelly as general secretary. The members of the various committees are given below:

**Committee on Invitations and Entertainment**

James McGinnis, chairman; Father O'Donoghue, Muriel E. Cain, J. V. Kennedy, Dr. F. A. Norris.

**Committee on Publicity and Program**

J. J. Kelly, chairman; W. T. Harmon, James McBride, J. J. Ferry, Harold C. Welch.

**Committee on Transportation and Reception**

## NEW CHURCH SERVICE KEEPS FAMILY GROUP TOGETHER ON SUNDAY

Episcopal Church in Minneapolis is Working Out Plan to Make Family Auto Take Place of Old Family Wagon for Church Goers—Tells How it Works

(By The Associated Press)

CHICAGO, April 7.—How the family automobile may become to the city church goer what the family farm wagon has always been to the rural worshiper, is being worked out at St. Mark's church, a downtown Episcopal parish in Minneapolis, the Rev. Phillips E. Osgood, rector of the parish, told the church club of Chicago in an address here today.

The Sunday school as a separate institution has been abolished in his church, Dr. Osgood said, and the parents and children are brought together for morning worship. Five months' trial has convinced him that the plan is a success.

When parents and children assemble at 11 o'clock in the church, the regular service of morning prayer is conducted with some slight modifications to suit the changed program. A five minute sermon for the children is then delivered, followed by the offertory, and then while a hymn is being sung the children retire to the parish house where they have 30 minutes of class instruction. Meanwhile the regular sermon is preached for the edification of their elders.

When the regular service is ended, the children are waiting for their parents, the family automobile is loaded, or the family group proceeds to street cars, and all return home ready for Sunday dinner.

"The chief object of this plan is to restore the family pew to its traditional position," continued Mr. Osgood. "We found that because of our situation on the edge of the downtown district, many of our parish children were not attending our school. But the difficulty was not so much that the children were going elsewhere for instruction, as that the family unit in worship was sundered, or that ultimately we lost the entire family because parents so naturally follow their children."

"The great fault of the traditional Sunday school was it did not train children in church going. It could no more do this than a blackboard diagram could teach a person to swim. The only way to teach church going is by going to church. The only way to learn

## HOUGH STORY FOUNDED ON AN OLD TIME BOOK

Well Known Author Takes Theme for "North of 36" from Book Written by Joseph G. McCoy, an Uncle of F. E. Farrell and Mrs. E. E. Crabtree.

In the current number of the Saturday Evening Post is the first chapter of a serial story by Emmerson Hough, well known author and writer of Western stories.

It will be interesting to the many readers of that publication in Jacksonville and Morgan county as well as Cass and adjacent counties to know that the story is founded on a book written by Joseph G. McCoy, pioneer resident of Pleasant Plains.

Thursday night F. E. Farrell picked up the Saturday Evening Post and started to read the first chapters of "North of 36". Many things in the story sounded familiar to him. When he reached the end of the first installment he found an editor's note to the effect that Mr. Hough's story was based upon the book written by Mr. McCoy, an uncle of Mr. Farrell.

This book of Mr. McCoy's is entitled "Historical Sketches of the Cattle Trade of the West and Southwest." It is a volume of 427 pages and is profusely illustrated with crude wood cuts. These were drawn by Prof. Henry Worrall of Topeka, Kans. Mr. McCoy published the book in 1874, and there are probably but few volumes in existence at the present time, one of them being in Mr. Farrell's possession.

In the opening chapter of the book the author traces the history of cattle from the earliest times, showing that cattle raising was one of the most honorable vocations in the early history of the world. He points out the fact that while America, and especially the United States is the greatest cattle producing country in the world, it has no native cattle.

### The First Cattle

According to Mr. McCoy the first cattle were brought to America by Cortes, the conqueror of the Aztecs in Mexico and by the English settlers. These breeds were known as Spanish or Long Horn and Durham or Short-horn. The long horns were the principal cattle of the west and southwest in the early days and probably many ran wild at the wild herds of mustang, from which the pioneer cattlemen secured their herding ponies.

One reading this book realizes the trials that beset the path of the early cattle raisers of the western plains. Tales of the hardships in driving cattle from Texas thru a wild country to Kansas City and other places, then the outposts of civilization read like a romance.

Fighting with Indians, swimming swollen rivers with herds of cattle and other hardships show that it took perseverance and lots of optimism to stick to the job until success finally came. However, the early pioneers did not realize the fruits of their endeavors, but those who came after them when the wilds had been conquered received the greatest benefits.

Mr. McCoy was resident in Pleasant Plains for many years. He went to Kansas and was the pioneer cattle shipper to the eastern markets by train.

He tells graphically of his efforts to get railroad officials to build terminals and stockyards and furnish cars for shipment. Many rebuffs were received from the officials who thought he was only a dreamer.

Finally he interested the Kansas and Pacific road officials and succeeded in getting a terminal at Abilene, Kans. The story of the growth of this town is well told and copiously illustrated with cuts.

John T. Alexander Citizens of this day and generation often hear old timers speak of John T. Alexander, the Illinois cattle king. However, until one has read Mr. McCoy's book one can scarcely realize the magnitude of his operations.

Mr. Alexander traded in thousands and it staggers one to read of sales of 15,000 cattle in one year. His losses were immense but the public never knew it. Mr. McCoy says. He kept on with a determination that but few men would have had, and the author said his losses at one time were equal to, or greater than the value of his entire estate. In connection with the story of Mr. Alexander's operations is a cut showing "corn feeding" on his Morgan county farm that is interesting.

### Some Facts on Early Packing Plants

Facts are also given of the Packing houses of that period. Cuts show the first plant of Plankinton and Armour at Kansas City, Mo. Also in this connection is shown the crude equipment of those days compared to the equipment of present day plants.

Many other Illinois men interested in the cattle business in the early days are mentioned in Mr. McCoy's book. It is an unique volume and highly prized by Mr. Farrell. The original binding is nearly gone but Mr. Farrell intends to have a new binding placed on the book and it will be of great historical value as the years pass.

## CANADA IS SOUND SAYS BABSON

WELLESLEY HILLS, Mass., April 6.—1923.—Roger W. Babson has today returned from his annual inspection trip, reports of which have appeared in this paper or from week to week in reviewing the trip in general Mr. Babson stated that if anything, business is becoming too rapidly active in the United States.

"Everywhere people are talking prosperity, building is booming, prices are again advancing and wages are rising," says the statistician. "A little of this is a good thing, but too much of it all at once is dangerous. When a patient recovers too rapidly, a relapse may occur. The business men of the United States need to remember the warning of the old capitalist and philosopher—King Solomon—who cautioned the business men of Jerusalem that 'pride goeth before destruction and a haughty spirit before a fall.' Personally, I much prefer the more gradual and deliberate manner by which Canada is passing thru her readjustment.

We have much to learn from our northern neighbor. Today conditions are better in the United States; but unless we take care, business will be better in Canada in 1924 than it will be here. "I spent some two weeks of my trip studying Canadian conditions," continued Mr. Babson. "and was very much pleased with what I found. Various factors suggested that the Dominion stands in about the same position in the economic cycle occupied by the United States six or eight months ago. If this is so we must look for Canadian business to improve rapidly during 1923. The farming situation is better and more favorable conditions prevail in trapping and trading centers of the north woods owing to the state of the fur market and the plentifulness of furred animals. British Columbia is in a more prosperous position than the Prairies. Its farmers did fairly well last year and the fruit-growing sections have very profitable yields. Lumber demand is expected to develop to quite sizeable proportions. Even in the mining towns I look for a fair improvement. In British Columbia business during the spring months should be good.

"Canadian sales efforts during the next few months should be concentrated on the eastern provinces. The industrial communities of Ontario and Quebec look relatively the best and even in the agricultural sections, conditions are more favorable than on the Prairies. Mixed farming helped to lighten the load of the eastern farmer. Industrial activity in Canada is estimated to be in the vicinity of 70 per cent of capacity. Unemployment and short time is still prevalent in some lines. Gold mining is an outstanding exception. This line is fairly busy and is resulting in considerable prosperity in such centers as Porcupine and Kirkland Lake, Ontario.

"Industries manufacturing goods for human consumption or covering are perhaps most active and have the most encouraging outlook. The best customers will be found in the cities. I have in mind all of the manufacturing centers of southern Ontario and Quebec, but especially those producing pulp, boots and shoes, textiles, clothing and food products. In the Maritime provinces, a firm foundation is being built up for business improvement. Basic industries are now dull, but I believe that warmer weather will bring decidedly better markets for lumber, fish and other local products. By summer, New Brunswick and Nova Scotia should look nearly as active to sales representatives as Southern Ontario and Quebec.

"A more hopeful feeling is developing, however, in the prairie and other agricultural regions. Better prices for farm products are helping the Canadians as well as the farmers in the states. As the Canadian farmer was slower in feeling the good effects of this increase in prices of farm products, so he will enjoy it longer. It seems to be a fundamental principle of economics that the Dominion taxes about as a year and reaction—decline and recovery. Hence, I say that while today conditions are better in the States, they may be better in Canada next year. Business conditions are much like a storm— they travel across the country in waves. Each section gets the storm, but all do not get it at the same time.

"We should be better neighbors to Canada. Some day we must turn to her for natural resources. When our timber is gone; when our water power is all developed; when the price of land here makes the raising of cattle prohibitive, we must turn to Canada. Besides, the boundary line between the two countries was never made by God. It was made by man. Hence, let us not erect unnecessary tariff walls or other barriers. Let us remember that in the long run—the prosperity of both countries is bound up together. For either to prosper both must prosper. We each need the other. Let us be Christians in legislation as well as in name."

## WHITE HALL PARK WILL BE IMPROVED

Authorities Have Signed Contract for Program for Betterments Under Supervision of Architect

White Hall, April 7.—Allen H. Wilkinson, the landscape architect, revealed today plans for remodeling Whiteside park, land to the extent of \$2,000. Mr. Wilkinson has been in touch with the park authorities for some time with the result that a contract has been signed that insures his service in a work that has been dragging along for several years on account of the permanent building improvement that is just now sufficiently completed to permit landscape improvements to be carried out in a permanent manner. Walks, shrubbery and trees will be little change in the lay of the walks as at present.

Mr. Wilkinson recommends a change in the pagoda that will make it face to the north as well as the south. He says there are other things the matter with the pagoda that he would not attempt to rectify. He says he has nothing to do with the memorial archway other than to make provision for its construction in the work that he is to start just as soon as his material arrives.

It is fortunate that a landscape man of the standing of Mr. Wilkinson is available for this purpose, as he has laid out and carried out landscaping in some of the leading show places of the country in the thirty years that he has been away from White Hall, and is an authority in his line. He recently became associated with his father in the White Hall Nursery, and his father is none other than Henley Wilkinson, the pioneer nurseryman, who is still actively engaged in the business.

## GREATEST INDUSTRIES STARTED IN ILLINOIS

Pioneer Implement Makers and Packers Begin Careers in State

SPRINGFIELD, Ill., April 7.—Founders of some of the world's greatest industries, especially those dependent on agriculture, made their successes in Illinois, according to a paper written for the State Historical Society by John L. Glenn, secretary of the Illinois Manufacturers' Association.

Among the most famous of these pioneer industrialists were those engaged in the manufacture of farm implements and the meat packing business—industries which both depended upon and developed agriculture, and found their inspiration in the agricultural state of Illinois.

Among the famous pioneers were Cyrus H. McCormick, founder of the Harvester organization bearing his name, and John Deere, who established the immense implement plant at Moline. These men started at the dawn and they came to Illinois because Illinois had a market for the things they had in mind.

McCormick was a native of Virginia, which in his youthful days was a wheat producing state. After years of contriving and developing he produced a crude but effective reaper. His first factory was a blacksmith shop in which he used a flat stone for an anvil. In 1847, he established his first Chicago plant. The next year he built 500 reapers and from that output the McCormick plant has grown until it is now the largest farm machine producer in the world, making more than 500,000 farm machines annually.

John Deere made his first two plows by hand at his blacksmith shop in Grand Detour, Ogle County, Ill., in 1833. He gradually increased his output until in 1884 he made 1,000 finished plows which established his position as the foremost manufacturer of his day. Deere is said to have made the earliest all-steel plow, as contrasted with the still earlier ones which were supplied with wooden mold boards.

## Pioneer Packers.

In the packing industry were the pioneers, Philip D. Armour, Gustavus F. Swift, Nelson Morris and Michael Cudahy. Philip Danforth Armour, one of the founders of the packing industry, was a native of New York. At the age of 19 he started with several companions, on foot, for the gold fields of California, but he was the only one who reached the coast. He remained there several years, digging ditches and keeping store. Returning with a few thousand dollars, he was impressed with the possibilities of Milwaukee, then the stopping place for gold seekers. He engaged in the slaughtering and packing of hogs, and in the sixties went to Chicago and laid the foundation of the immense packing business of Armour & Co.

Gustavus Franklin Swift, who was a contemporary of Armour, was born in Massachusetts and with his first \$20 capital, loaned by his father, he started the business which before he died was worth millions of dollars. With this capital he bought a heifer, killed and dressed it in one of the buildings of his father's farm. He peddled the meat about the country and cleared \$10. In 1875 he went to Chicago as a cattle buyer, and from this went into the packing business and rose to the top.

Morris and Cudahy. Nelson Morris was a native of the Black Forest section of Germany, where he was born in 1839. He came to this country at the age of 12, reaching Chicago in 1854, where several years later he started the great house that bears his name.

Michael Cudahy was a native of Kentucky, where he was born in 1841. He came to the United States at the age of 8 and when 14 entered the Milwaukee packing house of John Plankinton. In 1875, he was admitted as a partner in Armour & Co. In 1884, with his brothers, John and Patrick, he established the firm of Cudahy Brothers.

## GOVERNMENT SEEKS COURT RULING ON COLLECTING TAXES

Question Which May Revolutionize Tax Collecting Methods of Country Will Soon be Decided by Highest Court—May Give Citizens Recourse Against Government

(By The Associated Press)

WASHINGTON, April 7.—A question which threatens to revolutionize the tax collecting methods of the country, according to the government, soon may be decided by the Supreme Court of the United States.

Involved is an ancient practice which the federal government, until recently, was always able to enforce when it touched the pockets of its citizens. This policy consisted of requiring the taxpayer to turn into the custody of the United States treasury the tax assessed against him, leaving him, as his only recourse, its payment "under protest," and the initiation of litigation to recover what he contended had been illegally collected. The court of last resort has been called upon to determine whether this time-honored tax collecting method shall continue to prevail, or whether the taxpayer has the right to withhold payment of the tax assessed until the soundness of the government's demand can be determined, by court procedure if necessary.

No specific taxing statute is under attack, but the issue presented in the controversy is whether any court can restrain the collection of a federal tax. Many objections have been urged to the government's insistence that the taxes it assesses must be paid, leaving its right to them to be tested later. Aside from the disadvantages which attach to suits against the government's mandate and paid taxes "under protest," found that successful suits in the court of claims did not always result in the prompt recovery of the money. After a judgment is obtained congress must appropriate before any money can be refunded, and experience has demonstrated that congress cannot be hurried in such matters.

With a fair degree of good fortune the successful litigant could reasonably hope that his posterity of the second or third generation might obtain a refund of him. When E. L. duPont de Nemours & Company incorporated in Delaware its stock was issued to those who had been financially interested in the New Jersey corporation of the same name. The government took the position that the stock of the Delaware corporation so issued was taxable income, and the Supreme Court so held in the case of the United States vs. Phillips. An attempt had been made to collect from Alfred I. duPont, one of the stockholders, an income tax of \$1,576,000 on the stock of the Delaware corporation which he had received. Payment was delayed by Mr. duPont by a claim of abatement filed with the commissioner of Internal Revenue. When the Supreme

When a telephone is reported busy it means that somebody is already using the line with which you desire connection.

A busy telephone line is one of "life's little irritations." However reasonable we may be, we are inclined to resent the necessity of waiting until someone else finishes a leisurely conversation.

Not infrequently when a telephone is busy the line is in use by a child at home or some minor employee in an office who is taking advantage of the parents' or employers' absence to "visit" over the wire. Subscribers can help to improve their own service and that of all other subscribers by making reasonable rules governing the use of the service in their offices and homes.

## Diamond Grove Memorial Mausoleum

Earth burial should not be compared with the better way, for it is rapidly passing for all too obvious reasons.

The modern method that supplants it, which is right, clean, humane, and dignified, needs no defense. Only an explanation is necessary to those who seek right.

Armed with truth people, in whose hearts live the high qualities of protective love, will follow its noble impulses and human-kind will be better for it, because the better way will banish forever, it is hoped, the barbarous custom that makes for uncleanliness in all that it touches.

Let us briefly explain that the mausoleum is designed to meet that demand for enduring, cleanly rest for our dead, and to make secure perfect sanitation for the living; and so constructed as to be devoid of that depressing gloom which characterizes all other abodes of the silent.

The dignity of death is there, but with it is the peace and tranquility, and the light of our hopes and beliefs in a bright hereafter.

## GOVERNMENT SEEKS COURT RULING ON COLLECTING TAXES

(Continued From Page 9)  
Court decision came in the Phillips case, the commission promptly rejected Mr. du Pont's claim, and insisted that the tax be paid forthwith.

Instead of complying, and paying the tax under protest, Mr. du Pont went to the United States District Court of Delaware and obtained a preliminary injunction restraining the government from collecting the tax by distraint. The Third Circuit Court of Appeals considered the action of the district court good law, and affirmed the decree. In view of the importance the government attaches to an early decision, the Supreme Court has advanced the case for oral argument April 22. In insisting that no court could legally restrain it in the collection of a federal tax, the government declared that the interests of Mr. du Pont were amply protected and that he had not been deprived of his remedy at law to recover any taxes which were erroneously or illegally assessed and collected.

If you could see the main body structure of Dodge Brothers Business Coupe before the enamel is baked on, and before the interior is furnished, you would be profoundly impressed by its strength.

You would see that every panel, every pillar, and every rib is steel—even the door sills and window moldings are steel.

You would see that all of these parts and sections are electrically welded together into one staunch steel body, with no bolts or rivets to work loose, nothing to rattle or squeak or warp.

And you would realize that, like the all-steel Pullman coach, this unique construction—originated by Dodge Brothers for this car—represents the last word in protection to passengers—the ultimate achievement in closed car sturdiness.

**Lincoln Service**

The satisfaction to be derived from the operation of an automobile is in direct proportion to its quality, the facilities provided for its maintenance and the care which it receives. Only when these elements are well balanced does the purchase of a motor car become a good investment.

Lincoln owners know that Lincoln cars in ordinary usage demand little attention other than the replenishment of gasoline, oil and water. That is because the service requirements of motor cars are in inverse ratio to the quality and character built into them by the manufacturers.

Periodic inspection, proper lubrication and minor adjustments, when necessary, are essential to the proper and prolonged functioning of any piece of machinery. With quality as a prime factor, it is the secret of economical and dependable transportation.

To insure the operation of Lincoln cars as a source of uninterrupted satisfaction and enjoyment, through the medium of adequate and convenient service facilities, it is the purpose of the Ford Motor Company that its entire dealer organization be equipped to render efficient and intelligent service to Lincoln owners.

Thousands of Ford Dealers in the United States are being equipped with specially trained Lincoln men, competent to make minor adjustments and of providing for ordinary service requirements.

Under this arrangement, a Lincoln owner, whether touring a continent or crossing his own city, may with confidence enter a Ford Dealer's place of business and be assured of prompt, courteous and intelligent treatment by an organization with a personal interest in his welfare.

It is not intended, or necessary, that all Ford Dealers be equipped to do major repair work or overhauling on Lincoln cars. Adequate provision is made, however, whereby such work will be done in each territory, when necessary, by dealers who are especially equipped to render high grade service in keeping with the character of the product.

We believe that the Lincoln will run farther and require less mechanical attention than any other car in the world. It is significant and a matter of utmost importance to prospective owners of quality cars that the incomparable, world-wide facilities of the Ford Motor Company should make the ownership of a Lincoln even more desirable than ever before.

The satisfaction to be derived from the operation of an automobile is in direct proportion to its quality, the facilities provided for its maintenance and the care which it receives. Only when these elements are well balanced does the purchase of a motor car become a good investment.

Lincoln owners know that Lincoln cars in ordinary usage demand little attention other than the replenishment of gasoline, oil and water. That is because the service requirements of motor cars are in inverse ratio to the quality and character built into them by the manufacturers.

Periodic inspection, proper lubrication and minor adjustments, when necessary, are essential to the proper and prolonged functioning of any piece of machinery. With quality as a prime factor, it is the secret of economical and dependable transportation.

To insure the operation of Lincoln cars as a source of uninterrupted satisfaction and enjoyment, through the medium of adequate and convenient service facilities, it is the purpose of the Ford Motor Company that its entire dealer organization be equipped to render efficient and intelligent service to Lincoln owners.

Thousands of Ford Dealers in the United States are being equipped with specially trained Lincoln men, competent to make minor adjustments and of providing for ordinary service requirements.

Under this arrangement, a Lincoln owner, whether touring a continent or crossing his own city, may with confidence enter a Ford Dealer's place of business and be assured of prompt, courteous and intelligent treatment by an organization with a personal interest in his welfare.

It is not intended, or necessary, that all Ford Dealers be equipped to do major repair work or overhauling on Lincoln cars. Adequate provision is made, however, whereby such work will be done in each territory, when necessary, by dealers who are especially equipped to render high grade service in keeping with the character of the product.

We believe that the Lincoln will run farther and require less mechanical attention than any other car in the world. It is significant and a matter of utmost importance to prospective owners of quality cars that the incomparable, world-wide facilities of the Ford Motor Company should make the ownership of a Lincoln even more desirable than ever before.

**STRENGTH AND SAFETY IN THE BODY OF STEEL**

If you could see the main body structure of Dodge Brothers Business Coupe before the enamel is baked on, and before the interior is furnished, you would be profoundly impressed by its strength.

You would see that every panel, every pillar, and every rib is steel—even the door sills and window moldings are steel.

You would see that all of these parts and sections are electrically welded together into one staunch steel body, with no bolts or rivets to work loose, nothing to rattle or squeak or warp.

And you would realize that, like the all-steel Pullman coach, this unique construction—originated by Dodge Brothers for this car—represents the last word in protection to passengers—the ultimate achievement in closed car sturdiness.

The price of the Business Coupe is \$1,065.00—delivered

Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

## FINE EXHIBITION AT STRAWN ART HOME

Paintings, Miniatures and Bronzes  
Sent Out by American Federation  
of Arts on View in This  
City—Collection Includes Only  
Work of Women Artists.

There is now a splendid exhibition of paintings, miniatures and bronzes at the Strawn Art Home, 331 West College avenue, the arrangements for the exhibition made by the Art Association of Jacksonville. The collection is sent out by the American Federation of Arts of Washington, D. C., and was shown first at Northampton, Mass., the circuit including Manchester, N. H., Utica, N. Y., Lancaster, Pa., Jacksonville, Ill., and Emporia, Kans.

The group includes paintings, bronzes and miniatures by members of the National Association of Women Painters and Sculptors. The fact that the group includes only the work of women artists is a tribute to the exhibit.

In the collection are 63 paintings, 17 bronzes and 15 miniatures. The exhibition will be open to the public commencing at 2 o'clock this afternoon, and any will doubtless visit the Art Home for the purpose of viewing these works of art.

The exhibition as a whole is one that will appeal to all who have a love of beauty and an interest in what is being done in the field of art. Many of the canvases are moderate in size as well as moderate in price and are suitable for the walls of the modern living room.

## The Fifty-Horsepower Motor Fills the Hood!

YOU need not be an engineer to appreciate Jewett's great power. Just look under the hood at the Paige-built motor. No car within \$200 of the Jewett price has a motor of equal piston displacement—249 cubic inches. And Jewett's power is not obtained at the expense of high engine speed, with its premature wear.

From the six cylinders, 3 1/2 x 5 inches, a moderate r. p. m. gives peak power. However unusual the emergency, Jewett never strains to meet it, but handles every situation smoothly and easily. In a word, there's Paige quality in every particle of Jewett power. Let us prove to you there's no motor like it in the thousand-dollar field!

## SHEETS TO ADDRESS HARD ROAD MEETING

State Superintendent of Highways Will Speak to Chamber of Commerce Members on April 16—American City Bureau Postpones Work in City

A membership forum of the Chamber of Commerce is being arranged for April 16, at which time Frank T. Sheets of Springfield will be the principal speaker. Mr. Sheets has been invited by the forum committee to address the members on the subject of hard roads. He will illustrate with a number of stereoscopic slides, showing the progress made by the state in hard road building.

Following the lecture, those present will be given the opportunity to ask questions. An endeavor will be made to find out what future prospects Morgan county has to obtain additional hard road mileage.

The annual stock taking and membership campaign for the Chamber of Commerce, which is staged by the American City Bureau, is to be held in June. The bureau officials expected to put on the campaign beginning April 16, but it was decided by the Chamber board of directors that

the date would not be suitable, as there are a number of activities in progress now with which the work of the Bureau might interfere at this time.

At the present time the American City Bureau is putting on a membership campaign and reorganization for the Springfield Chamber of Commerce. Henry Dalrymple of the American City Bureau is general manager of the campaign; James G. Gheen, a former secretary of the Niagara Falls Chamber of Commerce, is his assistant; other American City Bureau men working at Springfield are:

Walter Parcell, publicity agent.  
Walter S. Edmonds, office manager.  
Earl Smith, general business agent.

The American City Bureau is now working in much larger towns than formerly. They have recently worked for Chambers of Commerce in Savannah and Macon, Ga., Charleston, S. C., Detroit and Bay City, Mich., Peoria, Ill., and many other cities. It is expected to double the membership in the Springfield Chamber of Commerce during the campaign.

### NOTICE TO CONTRACTORS

Sealed bids will be received for the construction of the improvement of East College avenue by the Board of Local Improvements of the City of Jacksonville, Illinois, until Friday, the 20th day of April, A. D. 1923, at the hour of 2 o'clock P. M., at its office in the City Hall in said City of Jacksonville, Illinois, at which time and place said bids will be publicly opened.

It is estimated that there will be about

14,285 Sq. Yds. of Sheet Asphalt.  
14,285 Sq. Yds. of Concrete Base of 1-2-4.  
9,094 Lin. Ft. of Combined Curb and Gutter.  
4,400 Lin. Ft. of old curb removed.

14 Manhole Covers, re-set.  
640 Lin. Ft. of 10" Vitrified Clay Pipe Sewer Drains.  
18 Brick Catch Basins with Inlet Covers.  
198 Lin. Ft. of Concrete Head-ers.

Said improvement shall be constructed and made in accordance with the Ordinance providing for the same and the Maps, Plans, Plans, Profiles and Specifications for the same on file in the office of the Public Engineer of said City.

Proposals must be made on blanks furnished by said Board and in compliance with the instructions thereto attached, which can be had on application to the said Engineer, and must be accompanied by cash or check payable to the order of the President of said Board in his official capacity, certified by a responsible bank, for an amount not less than 10 per cent (10 per cent) of the aggregate of the proposal.

The Contractor shall be paid in the bonds to draw interest at the rate of six (6) per cent per annum.

No bids will be received unless the party offering it shall furnish evidence satisfactory to the said Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the Ordinance, Maps, Plans, Plans, Profiles and Specifications, and also the locality in which said work is to be done and judge for themselves of all the circumstances affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids, as authorized by law.

Dated Jacksonville, Illinois, April 5, 1923.

## DEPARTMENT HEADS WORK ON CATALOGUE

Submit Copy for 1923 County Fair Book—Expect to Have Publication Distributed by May 31

Department heads of the Morgan county fair are busy preparing and submitting their copy for the 1923 catalogue. Already a number of departments have turned their copy in to headquarters, and all are expected to be in by Tuesday or Wednesday of next week. Bids for the printing of the catalogue are expected to be opened next Wednesday.

C. R. Gibson, the catalog chairman, is planning to have the new book off the press and in the hands of the citizens by May 31. The only radical changes in the catalogue will be found in the beef cattle department, where the amount of the premiums has been doubled. Some premiums will now run as high as \$20.

D. T. Heimlich, chairman of the catalogue advertising, expects to begin Monday to arrange the ads and to secure new advertising for the 1923 issue.

### EDUCATIONAL NOTES

The Bi-district Methodist Conference meeting in Galesburg, Illinois, recently, refused to indorse a resolution that plans be made for an amendment project that would assure the re-opening of Hedding College in September, 1924. As a result of this action, Hedding College in September, definitely. No decision was made in regard to the disposal of the college buildings. Dr. Clarence W. Greens has resigned as president.

On his return to Ohio Wesleyan University after a month's absence, President John W. Hoffman was presented with a check for \$68,503.25 representing contributions made by the student body to the University's development project.

Dr. Hillary A. Gobin, former president and vice-president emeritus of DePauw University died on March 18 in Indianapolis at the age of 81. Death was due principally to advanced age. Dr. Gobin was active in educational work

We believe a Studebaker Sedan is good for five to ten years of useful, satisfactory life. We are not positive as to the real life because none has yet worn out.

If, when you trade in your car, you learn that you can get only three or four hundred dollars for it because there is no second-hand market for that make of car, then

you must add this extra depreciation to arrive at the real cost of the car.

The trade-in price of Studebaker cars shows a very small depreciation, in many sections the smallest of all makes of motor cars. And there is always a ready market for used cars of Studebaker manufacture.

## PRODUCE MARKET REVIEW

There was a large supply of  
live poultry available in Eastern  
markets this week, and live fowl  
were quoted at prices ruling from  
4 to 5 cents per pound lower than  
prevailed at the beginning of last  
week. This situation had an im-  
mediate effect on paying prices  
throughout the producing terri-  
tory.

Receipts of fresh dressed poultry  
have been lighter, and with-  
drawals of poultry from storage  
to make up the deficiencies have  
been noticeably heavier. Some  
firmness has developed in the  
frozen poultry situation within  
the last few days.

There was weaker feeling in  
the butter markets, due to the  
near approach of heavier produc-  
tion and a rather full supply, ex-  
pecially in New York. A marked  
increase in receipts of butter  
in the leading markets would  
bring about some revision in val-  
ues.

A plan to grade, paying a low-  
er price for cream which is not  
suitable for making the best  
grades of butter, is receiving con-  
siderable attention. Under this  
plan a higher price is paid for  
the better qualities of cream,  
making the finest butter.

Butter manufacturers can make  
best grades of butter out of  
cream that is only slightly sour  
and free from undesirable odors.  
At this time of year cream should  
be delivered at least twice a week.

The National Y. W. C. A., in  
the interest of the health and  
comfort of its 400,000 members,  
made an exhaustive study of  
correct footwear for women. They  
reported in favor of a shoe which  
has (1) an inner sole line fol-  
lowing the line of the foot; (2)  
room for the toes without crowd-  
ing; (3) broad heel; (4) flexi-  
ble shank allowing action of  
arch muscles.

All these are distinguish-  
ing features of Cantilever  
Shoes.

The Board of Police Surgeons  
made an independent investiga-  
tion, and their report also recom-  
mends the "flexible shank shoe."  
The stiff shoe does not permit  
free play for the muscles, which  
become cramped, weak and wast-  
ed.

In contrast, a flexible shank  
shoe allows the foot to exercise  
and the arch muscles to grow  
strong.

#### COLLEGE OF MUSIC NOTES

Madame Clementine De Vere Sapiro  
will be heard in song recital on Wed-  
nesday, April 18th, for the benefit  
of L. W. C. endowment fund. She  
will be assisted by her daughter, Olga  
Sapiro, and Beatrice Horsburgh.

Harry Culbertson was here recent-  
ly to arrange with Director Pearson  
the details of the L. W. C. Artists  
Series for next season.

Miss Sapiro and Miss Horsburgh  
are now included in Mr. Culbertson's  
Artists' league, having played recent-  
ly in Chicago under his manage-  
ment.

A recent letter from Leopold Auer  
expresses his delight over Miss  
Horsburgh's Chicago appearance and  
that Christine Cotner will be his pu-  
pil this summer.

The members of the Music Fac-  
ulty will entertain the Academic Fac-  
ulty at the Tea Tray on the after-  
noon of April 16th.

As was announced last week, the  
Madrigal club will present an un-  
usually fine program at its annual  
concert on April 16th. Deems-Tay-  
lor, noted critic and composer of  
New York, has made some beautiful  
arrangements for women's chorus of  
the folk songs of England, Scotland  
and Belgium, many of them centu-  
ries old. These arrangements will be  
heard at the Madrigal concert, with a  
pleasing interlude of violin ensem-  
ble numbers. The public is cordially  
invited, no charge being made for  
admission.

Mrs. Marguerite Palmer-Forrest  
and Miss Florence Kirby gave vocal  
and piano solos at the Kiwanis club  
on Thursday.

The following students' informal  
recital was given on Thursday after-

The annual banquet and installation  
of the Phi Delta Sigma Society will  
be held this evening. The society  
chooses its members from those in  
the senior and junior classes who have  
made the best scholastic records.

Those elected to membership this  
year are the following: Miss Lucy  
Cattlin, Katherine Parker, Max Ship-  
ley and Kathleen Emery—all seniors.  
The two juniors will be elected at  
the end of this semester.

Dean Scott returned Friday eve-  
ning from a trip through the southern  
part of Illinois.

Kathryn Wenger '22 is spending the  
week-end in the city visiting her  
mother. Miss Wenger is teaching at  
Highland, Illinois this year.

#### Conservatory Notes

There will be a recital of Advanced  
Students next Thursday evening,  
April 10th, in Recital Hall, at 8:15.  
The public is cordially invited to at-  
tend.

Phi Omega will hold its annual  
open meeting on Friday evening,  
April 27th, in Recital Hall. The pro-  
gram will be published later.

Miss Hilda Van Tuyl, soprano, and  
Miss Clara Smith, pianist, will give a  
joint recital in Recital Hall on Tues-  
day evening, May 1st.

The Illinois College Men's Glee  
club gave concerts, under Mr. Love-  
joy's direction, in Hannibal, Mo., on  
Wednesday evening, April 4th, and  
in Quincy Ill. on Thursday evening  
April 5th, with great success. The  
Girls' Glee club also gave a concert,  
with equal success, in Manchester, on

Friday evening, April 6th. They will  
present a program in Virginia on  
next Friday, April 13th.

Mr. Arthur Curtis, played violin  
solo and Mr. Raymon Back sang on  
the program given by the Girls' Glee  
club at Man. 1st, and will also as-  
sist at Virginia.

During Easter vacation Mr. Kritch  
visited in Chicago and Mr. Munger  
was at the home of his sister in In-  
dianapolis. Miss Selweke spent the  
time with her family at Reedsburg,  
Wisconsin.

Messrs. Kritch and Munger, Mrs.  
Foreman and Miss Schweke, of the  
faculty, attended the concert given by  
the St. Paul choir in Springfield Fri-  
day evening, April 6th.

Miss Clara Smith played some  
piano solos at the dedication of the  
Odd Fellows' hall in Murrayville last  
Friday evening, March 30th.

Miss Eunice Northrup played some  
piano solos in Pittsfield last Wednes-  
day afternoon, April 4th.

There will be a student recital,  
next Friday afternoon in Recital Hall  
at 4 o'clock. The public is cordially  
invited to attend.

#### WOMAN'S COLLEGE NOTES

The big event of the semester is  
the Spring Revue which is schedu-  
led for Monday night in the gymnasium.  
It is a combination of the work in  
the department of Home Economics  
and the Physical Education depart-  
ment. The members of the faculty  
in these departments and the stu-  
dents have been giving freely of  
their work to make this a success.  
The demand for tickets has been es-  
pecially heavy, so that there is no  
question of a liberal patronage.

Thursday was a busy day for the  
college officials on account of the  
district meeting in connection with  
the work of the Bi-conference cam-  
paign which is soon to begin in this  
vicinity. It is an interesting bit of  
history that the first campaign ever  
held in Jacksonville was under the  
management of Dr. Hancher in No-  
vember, 1912. In the years that  
have elapsed since 1912 and now he  
has been instrumental in raising  
many millions of dollars for col-  
leges and universities.

The mid semester grades were re-  
ported for all students the beginning  
of this month. The college uses the  
point system in evaluating the stu-  
dent activities, and it is necessary to  
know what students are eligible for  
the various offices, it being necessary  
that the students maintain a high  
standing in their work before they  
may be eligible for any student  
office. These offices are rated ac-  
cording to the point system and no  
one may carry more than ten points.  
This prevents a student overloading  
and not being able to do justice to

her work and the student activities  
to which she is interested.

Miss Sara Norris of Indianapolis,  
Indiana, has been spending several  
days at the college, the guest of  
Miss Sarita Jones of Chile, South  
America. Miss Norris was for a  
number of years director of music

of Santiago college, Chile, South  
America, and is now Dean of Tudor  
hall, a very excellent girls' prepar-  
atory school at Indianapolis, In-  
diana.

Mr. and Mrs. F. H. Tuper of Chat-  
field, Minnesota, and Mr. and Mrs.  
H. M. Cushing of Buffalo New York

have been visiting their daughters at  
the college during the past week.

The May pageant has been set for  
the second Monday in May. It is  
hoped by that time that the hedge-  
will be in bloom and the campus  
will be in its fully beauty.

# Why it's better Ideal Better Breads

An absolutely equipped bread making plant, from the giant mixers to automatic wrapping  
machines, cuts down waste—allows us to use richer ingredients, including a liberal amount  
of whole cream milk and good yeast which provide vitamins, tissue building properties,  
calories of energy. Perfected formulae, plus these ingredients, give you the true wheat flav-  
or, soft, firm slices and generous loaves.

## THE IDEAL PLACE FOR YOU TO SELECT YOUR

### HOME OUTFITS

WHY? Because we fully understand your most  
exacting needs. Of course you may have certain  
inclinations towards one of the many modes of  
Homefurnishing—yet, notwithstanding this, we can  
and will gladly supplement your fancies with our  
wide range of helpful suggestions. Displays are  
most complete—and of the grade to satisfy the most  
exacting furnisher.

#### Living Room Furniture

Our assembly of fine living room furniture includes  
suites of two, three and four pieces, in Cane, Over-  
stuffed and newly created French models. Cover-  
ings in tapestry, combination tapestry and velour,  
mahairs, Fireside and Coxwell chairs are equally  
important in the display. You are invited to see  
these displays and make your own comparisons.

#### Bedroom Furniture

The widest choice in bedroom furnishings is possi-  
ble from the new arrivals which are now to be seen.  
Sets are made up of so few as three pieces up to  
eight. Combinations of harmony in style, propor-  
tions and highlighted finishes works for complete  
satisfaction. All period styles are represented—in  
ivory, antique walnut, mahogany, and combination  
enamel finishes. Suites priced from \$82.50 to  
\$335.00. Be your own judge of these values.

#### Dining Room Furniture

A splendid assembly of newest dining room furniture  
includes suites of six, seven, eight and ten pieces,  
fashioned in Colonial, Queen Anne, Chippendale,  
Adam, English and Italian Renaissance styles. Fin-  
ishes are most interesting, either dull or highly  
lustrous. These are suites created to display points  
of individuality, and are surprisingly low priced.  
See examples of correct dining room furnishing in  
our third floor sections.

#### Sun Parlor Furniture

Delightful odd pieces as well as complete sets for  
the sun parlor are prominently displayed. Sets to  
include Settee, Chair, Rocker, Table and Reed Table  
Lamp, in a colorful range of frosted finishes, fur-  
nished with loose cushions are priced low. This  
type of furnishing makes Home Furnishing both  
complete and attractive.
